While a man is running into debt he need not have any fear of stumbling on a fortune.

It is said that 75 per cent of the school teachers in the United States are female. They teach us when we are young and learn us after we get grown.

Public Printer Palmer wasn't a bigger man than Ted. Some people appear to do fool things to see what size splotch they will make when they hit the ceiling.

Some scientists continue to assert that man was originally a fish. We see nothing about men now that reminds us of any such origin unless it is that they like to get in the swim, but it must be admitted that women are still finicky.

We will say for the benefit of people who never think of it that kerosene oil is as dangerous to start a fire with as it was 20 years ago. People have to be reminded of that fact quite as often as it is necessary to tell them that they must write on one side of the paper and always send their names to the editor when they write for the newspapers.

North Carolina's Governor is making a fine impression in New England, as it was expected he would. Poet John Charles McNeill, of the Charlotte Observer, telegraphed Tuesday night from Concord, N. H.: "The Governor of North Carolina, after a fine trip from New York to Boston, was entertained in Boston by Mr. Leonard Tufts, of Pinehurst, N. C., at luncheon at the Boston Exchange Club. It was an elegant feast and Mr. Tufts was a host unequaled. Governor Glenn and Judge Kittrell vie with each other in stories. Governor Glenn charmed everybody he has come in contact with. The railroads have showed him many courtesies."

—The local cotto... ...et yesterday was steady at 10 1-8 ... or middling. Receipts yesterday ... heaviest of the present seas... ,964 bales, against 1,053 bales same day last season.

—The British steamers Kingswood and Greatham are expected here today from Norfolk, where they have been coaling. Both steamers come for cotton from Messrs. Alexander Sprunt & Son.

—The British steamer Tolosa, hence for Liverpool with cotton cargo, passed out at Southport at 9:20 A. M. yesterday; the British steamer Albuera, hence for Savannah, at 11 A. M., and the New York steamer for Georgetown, S. C., at 10:40 A. M.

—The fines and forfeitures in the police court for the six months ended June 30th, last, amount to $782, which amount will be paid over to the county school fund upon being passed upon by the Board of Audit and Finance at the next regular meeting.

—Yesterday's Fayetteville Observer: "The rainfall last night was very heavy—3.75 inches, and was accompanied by a severe electrical storm. There was 6 feet of water in the Cape Fear at 8 o'clock this morning, but a considerable rise is coming from the heavy rain of last night."

—"Is this the office of the Sanctuary?" pertly inquired a flashily dressed colored woman, who daintily poised her head in one of the windows to the City Clerk and Treasurer's office yesterday at the City Hall. Col. White replied "Not much," and directed the inquirer to the Sanitary office, where she applied for a health certificate.

—The Consolidated Company has decided to extend its incandescent light service as far out Market street as Sixteenth street, instead of Twelfth as now. That section of the city is building up rapidly and the Consolidated Company thinks it both proper and profitable to extend the light service there for the benefit of residents who desire it.

—Six cases were disposed of in the police court yesterday but none of them was important. The case of the negro charged with firing a pistol in the city and who led Policeman Leon George a lively chase before his capture, was continued for further investigation. In the case of Godfrey McLean, charged with an assault, a capias was issued for the prosecutor, who failed to show up.

JUNIOR BASEBALL LEAGUE.

Championship Cup Awarded—Arrangements For Next Season.

Thirty members of the four teams in the Junior City Baseball League the past season met Tuesday night at the Y. M. C. A. and awarded the championship cup to the pennant winners, the Monarchs. Plans were also set on foot for a more compact organization next season, the league to be under a Governing Board of seven—three from the community at large and one member of each club. The player members of the board will probably be J. Utley King, of the Y. M. C. A. team; Clarence Meyers, Monarchs; Allie Alderman, Seventh Street Rattlers; and Will Lacey, Market Streets Giants. The above named met last night and nominated the three outside members, but their names will not be given until they have consented to serve. Umpires and official scorers will be named at another meeting of the Governing Board next Wednesday night.

TWO CROATANS IN TROUBLE.

Excursionists from Elrod Had Deadly Weapons at Beach.

A party of about 350 excursionists from Elrod, N. C., reached the city yesterday over the Coast Line, via Chadbourn, returning last night. Among the number were many Croatans of Robeson, who attracted not a little attention on the street. Two of the Croatans—Levi Hammond and J. P. Stewart—became disorderly at Wrightsville Beach and were arrested by Policeman Guy. A pistol was found on the person of Hammond and a razor was taken from Stewart. The belligerents were brought up to the city and turned over to Justice Furlong for trial on the dual charge of disorderly conduct and carrying concealed weapons. They were placed in jail for trial at 11 o'clock this morning. Wm. J. Bellamy, Esq., has been employed to defend them.

Fourth Street Paving.

The first brick on the North Fourth street pavement were laid yesterday by Mr. Roger Moore, the contractor. The street has been well graded and the surface for the pavement made very compact by rolling it with the road roller "John H. Sweeney, Jr.," in charge of Engineer Sellers. The paving will now be pushed with all possible dispatch as the bricks are already on the ground.

ALDERMEN TO MEET

Special Session of Board Called For To-night By the Legal Request.

MATTER OF CHIEF OF POLICE

Courts Investigation of His Action By Committee Which Will Meet This Afternoon—Bids For Fire Boat Opened.

Upon the written request of the required number of Aldermen and after notice of 24 hours in writing to each member, pursuant to resolution at the last regular meeting, the Mayor has called a special meeting of the Board of Aldermen to be held to-night at 8 o'clock. The purpose for which the meeting is called is understood to be a consideration of the social evil upon report of a committee appointed some time ago at a private conference of members of the Board with the Mayor, and also to hear the report of the Police Committee as to an investigation to be held at 4 o'clock this afternoon at the request of Chief of Police Williams, who asked that his conduct and judgment upon the occasion of the recent Rivenbark episode in "Brooklyn" be passed upon by the Committee. Certain matters pertaining to the permanent improvement of the streets are also expected to come up and as a whole, the meeting is expected to be quite interesting.

The Police Committee will assemble at 4 o'clock and will complete its investigation of the Police Chief incident in time to make report at the night session of the entire Board. Chairman Karr, of the Committee, has invited any Alderman who cares to do so, to be present and hear the proceedings. The other members of the committee are Aldermen P. Q. Moore and J. O. Brown. The investigation grows out of a lot of street criticism of the action of the chief in not stopping his horse and firing into the crowd of colored men, who made an attempt to stop him while on his way to the City Hall with young Lee Rivenbark one night about ten days ago, when the latter claimed and semed in mortal terror that the blacks were gathering about his house to do him harm. To those intimately acquainted with all the facts in the case the judgment displayed by the officer appeared to have been excellent and the chief desires for the proper authorities to say whether he was right or wrong. With all the light before him at that time, the chief had every reason to believe, if the conditions as represented to him were correct when the alarm came in, that the surest way to have incited a riot would have been to open fire on the negroes whom he encountered. The case of Michaelis, who was rescued and brought to the hall, under a former administration from the southern section of the city, will be cited as a parallel of the present instance.

The Fire Boat.

The Aldermen will also probably hear a report at the meeting to-night regarding the progress of the Fire Committee in securing a fire boat, bids for which were opened at a meeting of the committee last night in the Mayor's office. There were present at the meeting Chairman Martin Rathjen and Aldermen W. W. King and W. E. Yopp and Fire Chief Chas. Schnibben. Two bids were received from Louis Vennervald and T. F. Gaskill, of Wilmington, for the building of a suitable boat and one from Capt. Wm. St. George for the sale of a new boat, which will be launched this week at Southport. Bids were also received from Messrs. Frank Herbst, H. H. Hall, W. A. McGowan and E. B. Egbert, representing Fairbanks, Morse & Co., of Chicago, for the sale of gasoline engines from 20 to 30 H. P., to be used as the propelling power for the proposed boat, which must be under 15 tons in order to obviate the necessity of keeping two licensed men aboard as required by the U. S. government. The boat offered by Capt. St. George is 50 feet long, 13-foot beam, 3 feet depth of water and is fitted with a 27 H. P. Lamb's gasoline engine. The boat appears pretty well adapted but the price is regarded too steep. The Fire Committee, however, will go down to Southport next Tuesday with Chief Schnibben to inspect the craft. None of the bids have yet been accepted, the committee desiring to get all information possible before acting.

DECLINED THE APPEAL.

Supervising Steamboat Inspector Will Not Grant Another Hearing.

Superviving Inspector J. W. Oast, of the United States Steamboat Service, headquarters at Norfolk, Va., has declined to allow the appeal of counsel for the steamer Wilmington from the recent decision in the collision inquiry. Hon. Jno. D. Bellamy and Herbert McClammy, Esq., counsel for the Wilmington, have been notified of the refusal of the appeal and are at a loss to know the grounds upon which the Supervising Inspector declines. They announce their purpose to take the matter by another method into the Federal Court. The final outcome of the case is being watched with considerable interest.

Rough House in "Bull Neck."

Walter Warren, colored, keeps store in what is known as "Bull Neck," at Tenth and Mulberry streets. Frank Onslow, an old offender, got to skylarking in the store Tuesday night, with Willie Green, Tom Willie and other colored youngsters. Warren commanded them to be quiet, but Onslow got more boisterous and the shopkeeper smashed him over the head with a chair. Onslow then went for Warren with a knife and the latter smashed him again with the chair. They were both haled to the court of Justice Bornemann yesterday and were sent over for the higher court under bonds of $25 each.

Warranty Deeds for sale at the Star office. tf**

MR. J. A. ORRELL TO REMOVE

Prominent Young Business Man and Member of Board of Audit and Finance Goes to Asheville.

It will be a source of sincere regret to hundreds of friends in this city and county to know that on October 1st, Mr. John A. Orrell, assistant special agent of the Standard Oil Company, in Wilmington, will remove with his family to Asheville, N. C., which will be their home for the future. Mr. Orrell has resigned his position with the Standard Oil Company to take effect on the date above mentioned and he will be succeeded here by Mr. C. H. Hopkins, now in charge of the Asheville district of the company. Mr. Orrell will succeed Mr. Hopkins in the mountain territory and will travel to a large extent, the change from office work and the change of climate being important considerations in Mr. Orrell's decision to go to Asheville. Some months ago he contemplated moving to one of the far Western States but after a trip out there, he decided to get a more preferable change in North Carolina, if possible.

Mr. Orrell is one of a few young business men whom the city can ill afford to lose. He is held in the very highest esteem by everyone and is prominent in lodge, religious and municipal circles. He is the representative from the Fifth ward on the Board of Audit and Finance, one of the most important governing bodies of the city, and his place in that capacity will be hard to fill. He is progressive in his ideas, enterprising and has a splendid conception of his duty to himself and to the public. His resignation is now pending before the Board of Audit and Finance and his successor will likely be chosen at the next regular meeting of the Board on the third Tuesday night in the present month.

Mr. Hopkins, who succeeds Mr. Orrell, is a gentleman of fine business qualifications and will be welcomed to the city as a resident. He has already been here looking over the field and will permanently make his home in this city after October 1st.

SEABOARD AIR LINE BRIDGE.

Mayor Stops Temporary Work and Demands Iron Structure Ultimately.

It having come to his attention that the repair of the bridge over the S. A. L. tracks, was being done by employes of the railroad in an unsatisfactory manner, Mayor Waddell yesterday morning summoned City Engineer P. Matthew, City Attorney Marsden Bellamy, Jr., who were joined by Chairman Martin O'Brien and Alderman J. A. Karr, of the Streets and Wharves Committee, for an inspection of the work. Upon going out to the bridge, they found the work being done was of a make-shift character and the assistant foreman in charge of the construction was informed courteously, but very emphatically that the city would accept no such patch work; that the bridge must be placed in condition to stand the heaviest traffic and particularly the fire engines of the city, which might at any time have to respond to an alarm from any one of the several large lumber mills in that section.

The temporary work on the bridge was suspended and in the afternoon the officials named had a conference with Mr. Aveilhe, the Seaboard agent here. The result of the conference was that the railroad people agreed to make the present temporary repairs substantial in every way by the use of heavier timbers than those at first placed on the ground for use. Then the Mayor gave notice to the agent of the company that in a reasonable time the chasm must be spanned by a good, safe, steel bridge, which will no doubt now be put in by the Seaboard people without further trouble.

FRANK KIRKHAM'S FUNERAL.

Remains of a Popular Young Man Laid to Rest at Florence.

The Florence Times of yesterday afternoon says:

The funeral of Frank J. Kirkham, whose sad death was announced yesterday, was held to-day at 3 o'clock at St. Johns' Episcopal church. The services were conducted by the Rev. W. E. Callender in the presence of a large gathering of friends of the deceased and the stricken family. The funeral procession moved slowly and sadly to Fraternal cemetery, where the remains were laid at rest in the midst of many sorrowing friends. The pallbearers were: Messrs. Leon Newton, Bartow Gilbert, D. Gordon Baker, S. M. Wall, John Wofford, Will Gilbert.

Mrs. M. C. Kirkham, and Mrs. John Avent and James C. Kirkham arrived in the city last night from Richmond.

Mr. Herber Wilder Appointed.

Mr. Herbert F. Wilder, "first trick" dispatcher in the A. C. L. telegraph offices here, has been promoted to the position of chief train dispatcher at Wilmington, succeeding Mr. M. L. Stover, who was recently appointed trainmaster of the company in this city Mr. Wilder has been in the service for a number of years and combines experience with a natural ability that eminently fits him for the position of chief dispatcher. Mr. Wilder's appointment to the higher position is welcome news to his friends in this city of which there are a great number.

The Fayetteville Excursion.

Fayetteville Observer: "Perry's excursion train carried 450 or 500 pleasure-seekers to Wilmington yesterday, a large percentage of whom were whites, and all report a very pleasant outing. Quiet and good order prevailed generally, but the reporter has been informed that there was a little shooting in a forward car, and that a negro got a bullet in his body. The particulars have not been learned. Mayor McMillan took advantage of the occasion for a day of relaxation, and greatly enjoyed the beach and meeting old Wilmington friends."

Buy a lot on Sunset Hill from J. G. Wright & Son, Sole Agents. *

COMPLAINT IS FILED

Damages in Sum of $15,000 Asked in Suit of Cooley vs. Police Chief.

IN THE SUPERIOR COURT.

Both Arrests of Plaintiff Alleged as a Cause of Action and Actual and Punitive Judgment is Sought —Attorneys Engaged.

In the office of the Clerk of the Superior Court yesterday complaint was filed by Hon. Jno. D. Bellamy and Walter P. Gafford, Esqs., counsel for the plaintiff in the damage suit which G. J. Cooley has instituted against Chief of Police Nathan J. Williams for the alleged wrong and unlawful detention of the plaintiff and his wife upon the occasion of their recent arrest here on suspicion of their being Prof. Harrington and wife, wanted in Kansas City, Kan., and Kalamazoo, Mich., particulars of which are well remembered. The suit is brought in forma pauperis and the amount of damage claimed is $5,000 actual and punitive for the first arrest and $10,000 actual and punitive for the second, the total aggregating $15,000. The suit is against Chief Williams and not against his bond or as an official of the city. The suit is also in behalf of Mr. Cooley only, the attorneys contending that there is a separate cause of action in behalf of Mrs. Cooley in case it should be later decided to bring a further action for damages.

The complaint, after making the usual allegation as to residence of the parties concerned and that the defendant is chief of police, states that the plaintiff is informed and believed that some time during 1905 or 1904, one Prof. Harrington and wife were accused of obtaining money under false pretence in Kansas City, Kan., and also likewise accused of grand larceny in Kalamazoo, Mich., and that reward was offered for the apprehension of said parties; that on Sept. 1st., 1905, the plaintiff, Cooley, and his wife were pursuing their lawful occupation temporarily at Wrightsville Beach and that on the night of Sept. 2nd, after plaintiff and his wife had returned to their residence in the city, near 12 o'clock midnight, he and his wife were wrongfully and unlawfully arrested at the instance of Chief of Police Williams, by two policemen of the city, and were carried to the City Hall and delivered in the possession of the chief; that the chief unjustly, wrongfully, wantonly, unlawfully and negligently retained the plaintiff and his wife in custody of the law and kept them confined and imprisoned until about 8 o'clock Sunday evening following, arresting and detaining the plaintiff and his wife as Prof. Harrington and wife, charged and accused with the cri... tioned, when without t... ther procedure, they w... defendant and returne... home; that the said a... ment and incarceration ... in the newspapers of the city ... plaintiff and his wife were subjected to great ignominy and shame therefrom, and suffered greatly in body and mind from the negligent arrest and exposure and that by reason of the unlawful imprisonment and the humiliation and ignominy heaped upon plaintiff, he has sustained damage to the amount of $5,000.

For a second cause of action, it is alleged that after the first arrest, he and his wife were again on the night of Sept. 10th, 1905, without warrant, were negligently wantonly and unlawfully arrested again and taken to the City Hall and the defendant as chief of police imprisoned the plaintiff from the 4th of September at about midnight until the 6th of September at about 8 P. M., the plaintiff charging as he was informed by defendant as being one Prof. Harrington, who had committed a crime of grand larceny at Kalamazoo, Mich., that the plaintiff with his wife was subjected to the mortification, ignominy and shame of being kept in confinement and imprisonment during the three days until the plaintiff was summarily dismissed, without any trial and after he had demanded a trial of the same, about 8 o'clock on the night of Sept. 6th. It is further alleged that the said incarceration and imprisonment of him and his wife was widely published in all the local newspapers in the city and thereby the plaintiff was brought into contempt and their feelings and pride were greatly shocked and they were subjected to great ignominy and shame; that neither the plaintiff nor his wife was ever in Kansas City, nor in the City of Kalamazoo, in their lives nor were either of them in their lives known as Prof. Harrington and wife, nor any other name other than the one they now bear, except plaintiff's wife having her maiden name of Ona before marriage.

the plaintiff by reason of the incarceration and alleged unlawful detention asks further damage in the sum of $10,000.

Judgment is prayed for the sum of $5,000 in actual and punitive damages in the first cause of action and $10,000 actual and punitive damages in the second cause.

The case will probably not be tried for several terms of the Court yet, but its final outcome will be watched with interest as establishing the fact of how far the police may go in making arrests upon telegraphic advices. Mayor Waddell is thoroughly in sympathy with the case of the defendant and hoots at the idea of a cause of damage against the chief. He volunteered his services as an attorney to defend the suit yesterday, if Chief Williams needed him. No attorneys for the defence have yet been engaged.

Gaylord's Fall Opening.

To-day the regular Fall opening sale will be inaugurated at Gaylord's big Front street establishment and will last for nine days. During that time splendid bargains will be offered and it goes without saying that the store will be crowded from early until late. The large corps of clerks at the establishment have everything ready for the sale.

PERSONAL PARAGRAPHS.

—Mr. C. M. Baldwin, of Portsmouth, Va., was here yesterday.

—Mr. C. F. Whitted, of Raleigh, was a guest at The Orton yesterday.

—W. L. Moore and family, of Waycross, Ga., were guests at The Orton yesterday.

—Frank E. Wilson, of Durham, and W. T. Aycock, of Whiteville, were guests at The Orton yesterday.

—Mrs. W. S. Bernard and Mrs. J. Frederick went up to Falson, N. C., yesterday evening to visit relatives.

—Messrs. John Sheehan, Ben Horne, Frank Wilson and William Sheehan returned last night from a trip to New York.

—Mrs. W. J. H. Bellamy and daughter returned yesterday morning from the mountains of Western Pennsylvania where she has been spending the Summer.

—A. Oettinger, of Goldsboro; D. W. Richardson, of Dover; L. Hines, of Kinston, and J. A. Drake, of Bennettsville, S. C., were guests at The Orton yesterday.

—Yesterday afternoon's Fayetteville Observer: "Dr. H. W. Lilly, Messrs. J. F. Harrison and L. B. Hale went down to Wilmington on the steamer Duplin to-day."

—Among last night's arrivals were Messrs. L. T. Gillette and L. L. Henderson, of Maysville, N. C.; W. H. Pope, Esq., of Fayetteville, and E. M. Peterson, of Raleigh.

—Mr. G. J. Boney, who is still at Hot Springs, Ark., is slowly improving, his friends will be glad to know. He is now able to take short walks every day and is hopeful of ultimate recovery. It will be recalled that he had a very severe attack of rheumatism.

—The genial countenance of "Cousin" Charley Bennett showed up behind The Orton desk yesterday after a ten day's vacation which Mr. Bennett and son, Master Thorburn Bennett, spent in Northampton county.

—Mr. Rob. Calder has returned to the University to resume his studies.

"JACK" GASTER IS DEAD.

Popular Telegra... Operator "Thirty" t... ...on E...

The Faye... ...y yesterday af... tice of ... is very ... ...ain, where he h... ...es for se... eral years:

"Mr. John Tr... ...r, eldest son of Mr. and Mrs. W. ... Gaster, died at 8 o'clock this morning at St. Luke's hospital on Haymount, after a brief illness, aged 28 years.

"Mr. 'Jack' Gaster was by profession a telegraph operator, and one of the brightest and quickest in the service; and even 7 or 8 years ago his fine work was notable, it having been said during the Spanish-American war that he was the only young operator who could "hold down" the line between New York and Florida. He was ...rm-hearted and generous, loyal to ... friends, and there be many to ...burn his departure in the prime of ...e. He is survived by his parents, ... grandparents, Mr. and Mrs. John ... Troy, one brother, Mr. David Gas... r, and three sisters, Mrs. J. A. King, Mrs. Stiles Sedberry and Miss Kate Gaster.

"The funeral services will take place at 4 o'clock to-morrow afternoon from the residence of the parents of the deceased on Maiden Lane."

HOSPITAL INVESTIGATION.

Alleged Cruel Treatment By Attendants at Institution at Raleigh.

(Special Star Telegram.)

Raleigh, N. C., Sept. 13.—In the progress of the investigation of the management of the State Hospital for the Insane here to-day only one person had to make complaint of cruel treatment. He was a former patient, Lindsay by name, from Greene county, who complained of cruelty by attendants in that he was ducked in cold water and otherwise roughly handled. The attendants were summoned by the directors and they testified that they did not use cruel treatment; that the patient was very nervous and excitable and physicians recommended that cold baths be used to quiet his nerves. Quite a number of letters were read from former patients complaining of cruelty on the part of attendants but nearly all were complaints against the former administrations, an investigation of which at this time would not be proper. The investigation is open to the public but is not attended by spectators.

Storm in Florence.

The Florence Times of yesterday afternoon says: "A severe storm visited this section last night and Florence was in the middle of it. It rained and the wind blew, and the lightning flashed as though the whole store of such elements would be exhausted, long before the storm subsided. It lasted from about 8 o'clock until late in the night, but toward the last the winds blew less fiercely and the lightning flashed with less frequency. Considerable damage was done to electric and telephone wires and the forces are busy to-day straightening them out. About 10 o'clock the electric wires on Front street near the passenger station were blown to the ground and the plant had to be shut down. The town was in darkness from then until morning."

The Wilmington Quarantine.

A colored man named McNeill, from Birmingham, Ala., was detained at Hilton bridge yesterday by the quarantine officer upon the arrival of the Seaboard Air Line train at noon. He was without the proper health certificate and Chief Quarantine Officer Green ordered him back on the returning train over the Seaboard. Mayor Waddell yesterday received a telegram from a plumbing firm in Atlanta asking if they would be permitted to send a man through Wilmington to Fort Caswell to work on a contract with the government there. The Mayor replied that a ten days' absence from Atlanta is required, regardless of a certificate from that city.

WILMINGTON, N. C.

Thursday Morning, Sept. 14.

RAILWAY BUILDING IN THE MOUNTAINS.

We get the following interesting article from the editorial columns of the Charlotte Evening Chroniele of Tuesday:

"This State has a large area of mountain country which is rich in resource in lines of agriculture, mining, manufactures and health but which has been in the past and is still to a degree handicapped with want of transportation facilities. The transportation facilities have been all the time improving and it would seem that these will soon reach a point where the resources and opportunities will be fully revealed and brought into use.

"Connection with the railway system on the western side of the mountains and thereby with the coal fields and the outlet from the area of the intervening mountain sections seem to be near at hand.

"The Southern & Western Railway, being constructed from Johnson City, Tenn., to Rutherfordton and Spartanburg, is said to have 2,000 hands at work and the roads in operation from Johnson City to Spruce Pine, in North Carolina, a distance of 40 or 50 miles. Reports would seem to indicate that this road will be completed to Rutherfordton and Spartanburg within a year and this would give a direct route from the coal regions to Wilmington, Charleston and Port Royal. At several points it would require only short connecting lines to make through connection to coal fields and at the same time give through transportation facilities to intervening territory which is rich in resource. It would require but a short line to connect Taylorsville with Wilkesboro, and also Taylorsville with Lenoir, or Granite Falls.

"The Carolina & Northwestern has made an extension some twenty-five miles beyond Lenoir and the gap between the terminus and connection with railway over the mountain is very short, perhaps not over 20 miles. With this connection accomplished and the Wilkesboro, Taylorsville and Granite Falls connections also accomplished a very large area would be opened up for convenient development and commerce with the world.

"The missing links would be expensive railway buildings, but they are short and would be of great value in increasing the business of existing roads. The pressure to get these connections made is growing stronger from day to day, and we may hope that when the first through connection is made at Rutherfordton others will quickly follow."

All of North Carolina can watch with deep concern the various projects for traversing the mountains of North Carolina with railroads. Of course, the aim of these roads is to get into the coal regions and Wilmington and all cities and towns with manufacturing aspirations are particularly interested in this feature of mountain railroad building. The roads also may be valuable, with other connections, as a means of one day giving us better facilities for getting the products of the West. Then again, the railroads through the mountain regions will open them up to the world and there is no telling about the mineral, manufacturing and agricultural development of that unsurpassed region is destined to be.

HERE'S YOUR NORTH CAROLINIAN.

The yellow fever pestilence at New Orleans has brought another North Carolinian to the front. It has gotten so now that when something is doing, you might as well begin to look around to see if you can find the North Carolinian in the limelight.

A few days ago the telegraphic news from yellow fever stricken New Orleans mentioned the discovery of a remarkable germicide, a 'skeeter kill sure, and a most effective disinfectant. "Culicide" is what the new discovery has been called and the New Orleans Picayune of Monday prints the picture of the discoverer and claims him as an "Orleanian inventor."

Not so. "North Carolina Claims Her Children." The inventor is Mr. John C. Mims, a North Carolinian. He is a native of Asheville and went to New Orleans thirteen years ago. His profession was that of a private analytic chemist but in 1900 he became the chemist of the New Orleans city board of health. Before going to New Orleans he was a student in chemistry under Dr. George W. Raines, of the medical department of the University of Georgia, but that is no reason why Georgia should butt in to claim any honors in this connection. North Carolina produced the man that produced the new culicide. The New Orleans Picayune says of him and his discovery and invention:

"John C. Mims of the City Board of Health, who found the new disinfectant that will kill mosquitoes and yet not damage fabrics, says that he has submitted his formula to the United States Public Health and Marine Hospital Service.

"The composition of this must be kept secret for a few days, because the apparatus for using it has not yet been completed.

"The result of this work of Mr. Mims is shown now, though he made experiments in past years. Mr. Mims made experiments on his own account from 1901 to the present time.

"The culicide is a cheap compound and it can be sold by all druggists. Mr. Mims has given the prescription to several druggists already. An ounce of this will do the work of a pound of sulphur and it will do no damage to household effects.

"Mr. Mims got out his idea for the benefit of the world, and not with any idea of making a financial profit. The United States Public Health and Marine Hospital Service surgeons tested it last week and found that it did the work. It killed mosquitoes with less damage and more dispatch than former means, and will soon be in use everywhere."

So we see that Mr. Mims not only has the distinction of being the discoverer of a valuable scientific compound but is the inventor of the apparatus to manufacture it. The most notable fact about it all, however, is that "he got out his idea for the benefit of the world." In this particular he displays an unselfishness that is rare in this world. His highest aim is not wealth but to be a benefactor to humanity. We hope he will win fame, honor and wealth—all three.

CURRENT COMMENT.

—"A man can't have too good an opinion of hisse'f," said Uncle Eben, "pervided he's willin' to hustle around an' hones'ly try to deserve it."—Washington Star.

—With the Japanese-Russian war ended, Aguinaldo, the erstwhile leader of the Filipino rebels has been resurrected. The Philippine leader will not stay bought, it appears, and is endeavoring to foment another insurrection.—Newport News Times-Herald.

—Those enthusiastic crowned nabobs of Europe who are "slopping over" with congratulations to our "big stick" monarch, doubtless realize by this time that they overlooked a good bit when they failed to "butt in" to the peace negotiations at Portsmouth.—Asheville Citizen.

—When viewing the splendid majority Norway rolled up for disunion one is tempted to ask if they did not import a few Philadelphia ballot box stuffers to help make up the total. The figures read very much like the Philadelphia election returns.—Binghampton Press.

—The project to build an inland canal from Norfolk through the Carolina sounds to Jacksonville is revived by the proposition to make a new survey, making it a 12 foot canal instead of 16 feet, as at first proposed, and reducing the cost correspondingly. It should be a 16-foot canal, or nothing. A 12-foot water-way could not meet the demands of commerce.—Charlotte Chronicle.

—The Winchester Star says: "Your pity is requested for Miss Alice Roosevelt. During the past fifteen months she has been present at 403 dinners, 350 balls and 300 small dances. Her 5 o'clock teas number 680, and she has paid 1,700 calls. She has been six times a bridesmaid and shaken hands 23,000 times. This it is, to have a father who believes in the strenuous life." This must be a satisfaction and a joy to the champion of the strenuous life.—Norfolk Public Ledger.

—The stir among the revenue "doodles" in North Carolina is not over by a good deal. Commissioner Yerkes declares that many heads must go. He is surprised to learn that there has been so much dishonesty in the Federal business in parts of the State. If he will have the probing to go deeper other revelations of a startling nature may be made. Judge Boyd will be extremely unpopular with a certain element of the Republican party if he continues to proceed against all Federal office holders and attaches who have been guilty of irregularities.—Charlotte News.

—The thanks for this (the successful workings of the Southern Cotton Association) are primarily due Harvie Jordan. His practical wisdom and unruffled patience in maintaining a point have been signally manifested in the campaign of the association, through the notable work of Secretary Richard Cheatham, which has uncovered in the fact of positive denials and ridicule the outrageous scandal in the National Department of Agriculture, an end fully justifying of itself the organization of the Southern Cotton Association. It has brought Harvie Jordan national and international fame. He deserves it.—Manufacturers' Record.

TWINKLINGS.

—Jones—"What's good for the toothache?" Smith—"Walk about half way to the nearest dentist's."—Judge.

—"Your fiance seems to have a will of her own." "Yes, and sometimes I half regret that I'm the sole beneficiary."—Philadelphia Press.

—"So your wife does not approve of baseball?" "No," answered Mr. Meekton. "Henrietta can't stand it to see any mere man bossing people around the way the umpire does."—Washington Star.

—Little Maggie (who has company)—"We've been playing garden party, mamma." Mamma—"Indeed! And did you behave nicely?" Little Maggie—"Oh. I don't have to behave. I was the hostess."—New Yorker.

—"I'm glad I don't live in Germany right now," said the man who was trying to occupy three seats at once in the street car. "I'm afraid of cholera." "No doubt you are," said his neighbor, savagely. 'I know a farmer who had a whole drove die of its the other day."—Cleveland Leader.

—"How can I get the ladies of my congregation more interested in heaven?" sighed the earnest young rector of the fashionable church. "You might intimate that things will be very exclusive there," replied the old preacher, sadly. "By such means you may be able to arouse a mild interest."—Pittsburg Post.

—"I'm afraid Dingledorp is losing his interest in golf." "What makes you think so?" "Just as he was starting for the grounds this morning he received an important telegram calling him to New York, and actually hesitated over it for at least five minutes." "Then he went to New York?" "No, to the grounds!"—Cleveland Plain-Dealer.

COMMERCIAL.

WILMINGTON MARKET.

(Quoted officially at the closing by the Chamber of Commerce.)

STAR OFFICE, Sept. 13, 1905.

SPIRITS TURPENTINE — Market nothing doing.

ROSIN—Market firm. $3.20 bid.

PEAS — White, No sales; clay; $1.15@$1.20.

SWEET POTATOES—Firm at 95@ $1.00 per bushel.

BEEF CATTLE—Dull at 2 1-2@3c per pound.

THE COTTON MARKET.

New York, September 13.—Without improvement in point of activity the cotton market showed much steadier tone, and while toward the close realizing caused a partial reaction, the final tone was steady at a net advance of 9 to 11 points. Sales were estimated at 275,000 bales. The opening was firm at an advance of 2 to 6 points on steadier cables and reports of a better spot demand at the declines of yesterday. Private advices from the South claimed that interior holders were offering spot supplies less freely, and receipts for the day running lighter at ports and interior points, there was considerable covering by recent sellers, who were also disappointed at the absence of liquidation by the Wall street pool which is supposed to be heavily long of October and to be preparing to take up tenders on contract. After advancing to a net gain of about 15 to 17 points or around 10.42 for October and 10.53 for January, realizing by early buyers, a little selling by spot people presumably against supplies in the South and a renewal of bear pressure eased the market off about six points from the top. Southern spot markets were unchanged to 1-8c higher, confirming reports received early in the day, but private crop accounts seemed to be improving and the weather was favorable.

Spot closed quiet 15 points higher; middling uplands, 10.80; middling gulf, 11.05; sales 120 bales.

Futures opened firm. September, 10.15 bid; October, 10.29; November offered, 10.28; December, 10.36; January, 10.43; February, 10.47 bid; March, 10.51; May, 10.55; June, 10.57 bid.

Futures closed steady. September, 10.26; October, 10.36; November, 10.32; December, 10.43; January, 10.47; February, 10.50; March, 10.56; April, 10.58; May 10.61.

Port Movement.

Galveston—Firm, 10 3-16c.; net receipts, 7,809 bales.

New Orleans—Steady, 10 1-16c.; net receipts, 742 bales.

Mobile—Steady, 10c.; net receipts, 679 bales.

Savannah—Quiet, 10c.; net receipts, 8,418 bales.

Charleston—Quiet, 9 7-8c.; net receipts, 1,720 bales.

Wilmington—Steady, 10 1-8c.; net receipts, 1,964 bales.

Norfolk—Steady, 10 3-8c.; net receipts, 1,696 bales.

Baltimore—Nominal, 10 5-8c.

New York—Quiet. 10.80.

Boston—Quiet, 10.80; net receipts, 265 bales.

Philadelphia, Steady. 11.05.

Jacksonville—Net receipts, 54 bales.

Miscellaneous—Net receipts, 879 bales.

Total to-day, at all ports—Net, 24,226 bales; Great Britain, 24,205 bales; Continent, 2,961 bales; Stock, 458,783 bales.

Consolidated, at all ports—Net, 143,057 bales; Great Britain, 30,134 bales; Continent, 24,774 bales; Japan, 400 bales; Mexico. 100 bales.

Total since September 1st, at all ports—Net, 319,910 bales; Great Britain. 62,746 bales; France, 13,975 bales; Continent, 64,901 bales; Japan, 500 bales; Mexico, 100 bales.

Interior Movement.

Houston—Quiet, 10 3-16c.; net receipts, 8,349 bales.

Augusta—Firm. 10 3-16c.; net receipts, 3,508 bales.

Memphis—Quiet, 10 1-8c.; net receipts, 102 bales.

St. Louis—Quiet, 10 1-4c.; net receipts, 100 bales.

Cincinnati—Net receipts, 154 bales.

Louisville—Firm, 10 1-4c.

Liverpool Cotton Market.

Liverpool, Sept. 13.—Cotton:—Spot in fair demand; prices 2 points higher. American middling fair, 5.91d.; good middling, 5.67d.; middling, 5.51d.; low middling, 535d.; good ordinary, 517d; ordinary, 5.01d. The sales of the day were 7,000 bales of which 1,000 were for speculation and export and included 6,500 American. Receipts 8,000 bales including 400 American. Futures opened easier and closed steady. American middling G. O. C: September, 5.49d.; September and October, 5.59d.; October and November, 5.52d.; November and December, 5.55d.; December and January, 5.58d.; January and February, 5.60d.; February and March, 5.62d.; March and April, 5.64d.; April and May, 5.66d.; May and June, 5.67d; June and July, 5.67d.; July and August, 5.68d.

BUFFALO LITHIA WATER

"All the Argument Necessary."

The International Journal of Surgery, August, 1905, under the heading "CYSTITIS" says: "In the treatment of Cystitis water is the great aid to all forms of medication. Moreover, **BUFFALO LITHIA WATER** is the ideal form in which to administer it to the cystitic patient, as it is not only a pure solvent, but has the additional virtue of containing substantial quantities of the alkaline Lithates. Patients should be encouraged to take from two to four quarts per day if they can, and the relief they will obtain will be all the argument necessary after the first day or so.

"IN URIC ACID DIATHESIS, GOUT, RHEUMATISM, LITHAEMIA, and the like, ITS ACTION IS PROMPT AND LASTING."

Dr. Geo. Ben. Johnston, M. D., LL. D., *Richmond, Va., Ex-President Southern Surgical and Gynecological Assn., Ex-President Virginia Medical Society, and Prof. of Gynecology and Abdominal Surgery, Medical College of Virginia:* "If I were asked what mineral water has the widest range of usefulness, I would unhesitatingly answer, **BUFFALO LITHIA WATER** In Uric Acid **Diathesis, Gout, Rheumatism, Lithaemia,** and the like, its action is prompt and lasting. * * * **Almost any case of Pyelitis and Cystitis** will be alleviated by it, and many cured. I have had evidence of the undoubted **Disintegrating, Solvent** and **Eliminating** power of this water in **Renal Calculus,** and have known its long continued use to permanently break up the gravel forming habit."

Voluminous medical testimony on request. For sale by the general drug and mineral water trade.

PROPRIETOR, BUFFALO LITHIA SPRINGS, VA.

SUGAR—Raw nominal. Fair refining, 3 1-4; centrifugal 96 test, 3 7-8; molasses sugar, 3. Refined quiet.

CROPS IN NORTH CAROLINA.

Cotton 30 Per Cent. Short—Tobacco Crop Light.

Raleigh, N. C., Sept. 12.—The report of the North Carolina Section of the United States Weather Bureau contains this about the cotton crop in North Carolina:

The cotton crop has experienced no improvement during the past week as a whole; in many places the yield is disappointing, and on the whole the crop will be fully 30 per cent. short. In the east the cotton is still shedding and taking rust in many sections, there are also reports of its being attacked by the army worm which will reduce the crop one-third in those places. Caterpillars are also doing damage to some late cotton. The weather being dry also causes it to open prematurely in some parts. In some sections the crop improved a little during the past week, and the top crop is maturing. In the central part the bolls are few and small, and the lint short; it is not ripening on top. In the west cotton is shedding all shapes and small bolls in some places; picking is general but the yield is light.

Tobacco is all cut and cured in the east; while in the central and west portions a great deal has ben cut and cured but there are some farms where cutting is only about two-thirds done. In general the leaf is good in quality and color but it lacks weight. In the west part it is firing and specking badly in places. The crop will only be light, about 60 per cent. Corn has improved a little during the past week, but needs rain; upland corn is generally good but bottom corn is drowned, it is earing well and maturing rapidly, the crop will be short, many reporting only a two-thirds crop; there is some cutting in progress in the west. Most of the fodder has been saved in the east, and pulling is well under way in the central and west districts. A large quantity was lost by too wet weather. Peas are doing well as a whole, but in some places in the central and west districts the vines are good but have few peas, a great deal of pea vine hay is being saved in the east. Peanuts are generally reported a good crop, but in the east the crop will be short in some sections. Most all of the minor crops are doing well, except white potatoes which are rotting to a considerable extent in the ground.

LIST OF LETTERS.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promtly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for Consumption, Coughs and Colds." Greatest sale of any cough or lung medicine in the world. At R. R. Bellamy drug store; 50c and $1.00; guaranteed. Trial bottle free.

Mrs. Winslow's Soothing Syrup has been used for over 60 years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It will relieve the poor little sufferer immediately. Sold by Druggists in every part of the world. Twenty-five cents bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. **

Got Off Cheap

He may well think, he has got off cheap, who, after having contracted constipation or indigestion, is still able to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills. A quick, pleasant, and certain cure for headache, constipation, etc., 25c. at R. R. Bellamy's drug store; guaranteed. **

SPIRITS TURPENTINE.

—A large foot-ball squad is practicing at Davidson College. The material is for the most part raw, but the coaches are busy getting it in shape. The first game will be played in Charlotte October 7th, with the University of North Carolina.

—Sam Young, a negro arrested in Cincinnati for stealing brass from a firm of contractors by whom he was employed, has confessed that he is wanted at Asheville for burglary, grand larceny and jail breaking. He says he was serving a sentence of six years and after being in prison four years escaped.

—J. W. Hasty, one of the revenue officers indicted by the grand jury last week, arrived in Winston-Salem Tuesday afternoon and gave bail in the sum of $2,500. W. A. Bailey, a wealthy distiller at Advance, Davie county, was his bondsman. Hasty went to Greensboro that night to turn his bond over to Marshal Millikan.

—Mr. J. W. Warren, an employe of Sherman & Phillips, Winston-Salem, met with a very peculiar accident Saturday afternoon. While tapping a keg of beer the wooden stopper flew out, striking him down. Mr. Warren was unconscious for an hour. The accident was caused by an accumulation of gas in the keg, which, after the stopper was loosened, came in contact with air and caused the explosion.

—A charter has been granted the Bradley Manufacturing Company, of Charlotte, to manufacture underwear, clothing and handkerchiefs, with a capitol stock of $250.000, W. E. Bradley, W. S. Bradley, F. H. Bradley as stockholders. A charter has also been granted to Bailey Brothers, of Winston, to manufacture tobacco in all forms, capital stock being $300,000; Mumford D. Bailey and others as stockholders.

—A little girl named Tilley was strangled to death at Kernersville last Friday night. The mother and child recently moved from Stokes county and secured employment in Lowery's Hosiery Mill. The girl was 12 or 14 years old. She retired Friday night as usual and about midnight the mother was awakened by her daughter who had got strangled in some way. The latter died before a physician could be secured.

—Fayetteville correspondence: The Cross Creek building and loan association has proven so popular an enterprise with both large and small investors that it has been decided to hold open the first series during the month of September. Nearly 1,200 shares have been taken and paid for. It is impossible to overestimate the impetus given to business life and confidence by the establishment of this enterprise and the Southern Life Insurance Company, both with home capital and home management.

—Writing of Salisbury's new trolley line, a correspondent of the Charlotte Chronicle says: And, speaking of the car line, it is remembered that the Chronicle's artist sketched Salisbury's people on the primal run of the cars. That caricature told but half the truth. The line has been in a crowded condition every day and at no time has the receipts from the one car that runs been so little as $50 for one day. The company took in over $300 from fares on September 4th. Only one accident has occurred, though there would have been many but for the interposition of special Providence. This was a small hurt. The tendency to swing on the cars and jump from them, while in motion, seems irresistible.

—A homicide occurred in Macon county Sunday afternoon, when a young man named West was stabbed and killed by another young man named Angell. The tragedy occurred at Lotla church, five miles from Franklin, and was due to a charge made by Angell that west had stolen his watermelons. The young men had attended church in the afternoon and, after the service, Angell accused West of the theft. A dispute arose, when Angell drew his knife and plunged it into young West, stabbing him once near the heart and cutting his throat. A physician was summoned by West was dead in 15 minutes. Angell made his escape. The young men were both well known in Macon county. Young West was a son of Dr. West, who lives near Franklin.

—Fayetteville correspondence: An important railroad extension is forecasted here, though it has not yet taken definite shape. It is the utilization of the abandoned road-bed of the old Cape Fear and Yadkin Valley Railway between Fayetteville and Hope Mills, by which the Aberdeen & Rockfish Railroad can make connection at this point with the Raleigh & Southport Railroad. Some time ago Mr. F. R. Rose, secretary of the chamber of commerce, who had in view the laying of a trolley line to Hope Mills over this unused road-bed, was informed by an attorney of the Atlantic Coast Line that the company made no claim to the abandoned track. If this be so, there are seven miles of road-bed ready for the iron, after a little repairing and shaping up.

—The lessees of the Atlantic and North Carolina Railroad are fast carrying out their contract to spend two hundred thousand dollars within two years in improvements. Only a few days ago they received several brand new cars for their passenger trains. These include both first and second class cars, together with mail, baggage and express cars. The new rail of heavy weight has been laid from Morehead City as far west as Caswell, which is this side of Newbern. Instead of beginning at Morehead City, however, the company began putting down new rail eight miles this side of the terminus. What object they had for doing so is not stated. When they reach Goldsboro with new rail and new crossties considerable changes are to be made in the yards. The company owns a lot on which will be built a number of side tracks. The old wood yard is to be done away with and possibly a coal chute will be erected.

—At Durham on Monday night William Barbee, son of Gray Barbee, of East Durham, was put in jail on a serious charge, one that will break his neck if the charge is proven. He is accused by his second cousin, Reuben Barbee, of having entered his home Monday morning at 4 A. M., the object being burglary. The statement made by Reuben Barbee, which was made under oath, is that Monday morning at 4 o'clock he heard some one come into the house. At first he thought it a cat, but later he heard the noise in his bed room. When he got out of the bed he found Wm. Barbee crouching beside a couch. He says that he took hold of William and talked to him some five minutes, and that during this time the wife of Reuben Barbee was a witness and held the lamp while her husband was talking. He says that in addition to this he has other evidence that will strengthen his statement. Young Barbee, the prisoner, is about 21 years of age. He is the son of Gray Barbee, of East Durham, who is a well-to-do citizen. The defendant has been in trouble before, being now under bond on the charge entering stores in East Durham. Reuben, who is having his cousin prosecuted, bears a reputation that is anything but enviable.

CASTORIA.

Bears the Signature of Chas. H. Fletcher. The Kind You Have Always Bought

THE SITUATION IN JAPAN.

Antagonism to Russian Church and Native Christians.

By Cable to The Morning Star.

Oyster Bay, L. I., Sept. 11.—A definite resume of the conditions in Tokio is given in a cablegram from Minister Griscom to the Secretary of War which was transmitted to President Roosevelt. The cablegram follows:

"Tokio, September 10, 1905.

"The violence to a few foreigners and the attacks on Christian churches reported in my previous telegrams should not be considered to indicate any general anti-foreign or anti-Christian feeling. The former was quite incidental and the latter due to sporadic antagonism to the Russian church and some native Christians. The members offered to spare one American church if the minister could show an American flag, unfortunately he could not. Newspapers have during many months raised popular expectation so high that intense dissatisfaction with the terms of peace resulted. Sentiment among army, navy and nobility, however, is understood to be more conservative. Six newspapers have been suspended. Martial law probably will be continued for some time thus insuring quiet. Meanwhile the legation guard of 12 soldiers will continue.

Tokio, Sept. 11.—6:30 P. M.—The special session of the privy council today lasted for four hours. No bill was presented, only a report from the cabinet ministers, Premier Kamburia making an extended statement of the peace negotiations. According to the constitution a treaty with other powers requires to be submitted to the council before ratification. It is unusual to hold a special sitting for simply making a report on diplomatic affairs before a treaty assumes a form ready for ratification and the sitting today without a special bill was rather unexpected.

Opposing political parties have appointed an extensive committee to fully report on sufferings alleged to have been caused by the police during the recent rioting. The Progressives and their local branches continue to press resolutions against the government. The Shiba branch condemns the government's assumption of the power to suspend newspapers, declaring it to be wholly unconstitutional. Quiet, however, prevails in Tokio.

STUART LET DOWN EASY.

President Roosevelt Not Very Severe on Partisanship.

By Wire to The Morning Star

Oyster Bay, L. I., Sept. 12.—A report has been received by President Roosevelt from the Civil Service Commission regarding an investigation of charges recently made against J. E. B. Stuart, collector of customs at Newport News, Va., alleging political activity and undue partisanship in the conduct of his office.

When Stuart assumed the duties of his office he found that he had a larger number of deputies than was needed to transact its business. He dismissed several of them. It so happened that the men dismissed were Democrats. Collector Stuart also entered actively into politics and in one nominating convention several of the assistants in his office were delegates. These conditions developed the charges which were made against him to the Civil Service Commissioner. Commissioner Cooley recently made a report to the President on the charges. As a result Collector Stuart has been directed that if the business of his office should make necessary the employment of additional assistants he shall reappoint the men recently discharged, if they should desire to return to the government service and he has been admonished not to be so active or to permit his office force to be so partisan in their political efforts.

FURNISHED SUPPLIES.

Trustees of Pennsylvania Institution Arrested For Common Offence.

By Wire to The Morning Star.

Stroudsburg, Pa., Sept. 11.—Warrants were issued today for four trustees of the East Stroudsburg State Normal School on the charge of furnishing supplies to an institution receiving State aid, in violation of an act of the General Assembly. The men for whom warrants were issued are Milton Yetter, President; P. A. Chwartz, secretary; George Stauffer and B. F. Morey. Stuffer was taken into custody tonight and furnished bail. Schwartz and Yetter probably will be arrested tomorrow, but Morey, who is in the South, will not arrive until next week. The men are charged with furnishing groceries, merchandise plumbing, supplies, books, pamphlets, etc., to the Normal School.

HORRIBLE DEED OF FATHER.

Canadian Went Suddenly Insane and Murdered His Child.

By Cable to The Morning Star.

Montreal, Que., Sept. 11.—J. Albert Martin, son of the junior partner of Mayor Laporte of this city, after playing with his three children at his home today, took the youngest daughter, five years old, into an adjoining room and strangled her. When the crime was discovered Martin appeared to be perfectly cool and composed.

"I have made another angel for heaven," he said. He will be examined by alienists.

NEGRO SHOT AND BURNED.

High-Handed Act of Three Men in Mississippi.

By Wire to The Morning Star

Jackson, Miss., September 12.—Governor Vardaman to-day received a letter from District Attorney Brewer of the Eleventh District, notifying him that a negro named Will James, living in the interior of Lallahatchie county, was taken to the woods by three white men and shot to death, after which his body was burned. The negro, it was said, had bought some whiskey from one of the white men and afterwards informed on him. The District Attorney asked the Governor to take action in the case.

WITTE GOES HOME TODAY.

Cancelled Reception at New York Produce Exchange.

By Wire to The Morning Star

New York, Sept. 11.—The reception to Mr. Witte and Baron DeRosen, the Russian peace envoys, arranged for tomorrow morning at the Produce Exchange, has been cancelled at the request of the envoys who begged to be excused on account of unexpected and pressing business. Mr. Witte sails for home tomorrow afternoon. The Russian envoys today went to West Point as the guests of J. P. Morgan.

CURE YOUR KIDNEYS.

Do Not Endanger Life When a Wilmington Citizen Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor; why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the symptoms of kidney disease cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Wilmington testimony:

B. R. King, the well-known policeman, residing at 706 Wooster street, says: "I had terrible pain in my back which worked around to my side and in my stomach, so bad at times that it laid me up. I used internal medicines and they did not help me. I put on plasters and rubbed with liniment, and none of them helped me at all. Seeing Roan's Kidney Pills recommended I got a box of them at Bellamy's drug store. The next day after commencing to use them I noticed relief. Since using two boxes of them I have not had an ache or a pain in my back. It is with pleasure that I add my name to those endorsing the claims made for this remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—DOAN'S—and take no other. **

FRENCH ARMY MANEUVRES.

President Loubet Received Gen. Chaffee and American Officers.

By Cable to The Morning Star.

Chateau, Prienne, Department of the Aube, France, September 11.—President Loubet arrived on the field of the army maneuvres to-day and was given a notable welcome by the assembled generals and troops. President Loubet encountered Lieutenant General Adna R. Chaffee, Brigadier General Franklin Bell, Brigadier General William Grozier and their staffs. The Americans were presented to M. Loubet, and the latter addressing General Chaffee, said France was glad to receive the American military mission, and thus acknowledge America's reception of the French military mission which attended the Rochambeau exercises. General Chaffee in reply paid a tribute to the splendid organization and equipment of the French army.

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Besides Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

HARDIN'S PHARMACY, Special Agent.

Are You Engaged?

Engaged people should remember, that, after marriage, many quarrels can be avoided, by keeping their digestions in good condition with Electric Bitters. S. A. Brown, of Bennettsville, S. C., says: "For years, my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." R. R. Bellamy, druggist, sells and guarantees them, at 50c a bottle. **

CHEAP EXCURSION RATES.

The Atlantic Coast Line announces thefollowing cheap excursion rates to points named:

To Philadelphia, Pa., Patriarchs Militant and Sovereign Grand Lodge I. O. O. F., September 16th to 23rd. One first-class fare plus $1.25 for the round trip. The Morning Star.

WILMINGTON, N. C.

Thursday Morning, Sept. 14.

TAGGART DIVORCE CASE.

Court and Spectators Melted to Tears Concerning Children.

By Wire to the Morning Star.

Wooster, Ohio, Sept. 13.—The trial of the divorce suit brought by Captain Ellmore F. Taggart against his wife, Grace Culvert Taggart, which has been on here since August 2, was brought to a close this evening, the final summing up of the attorneys having been heard today. The trial has been one of the most sensational ever heard in Ohio courts and has aroused widespread interest. A number of well known army officers have been called as witnesses during the trial. The scenes of the alleged misconduct on the part of both Captain Taggart and his wife have covered a wide area, Captain and Mrs. Taggart having lived at different times at Fort Lavenworth, Kas.; Columbus, Ohio; Havana, Cuba, and in the Philippine Islands, where the husband was in the service of his country.

The principal interest is centered in the awarding of the care of the two children, both boys, of Captain and Mrs. Taggart. Attorneys Sterling completed his arguments in behalf of Captain Taggart today. He made an eloquent plea in connection with the disposition of the Tgagart children and brought tears to the eyes of nearly every one in the court room, including Judge Eason. Both Captain and Mrs. Taggart were visibly affected.

Sterling advocated that the children be given either to Captain Taggart or to his parents in Orrville, and that Mrs. Taggart be permitted to visit them whenever she wished. At the conclusion of Sterling's address, Captain J. B. Taylor, began the final plea for Mrs. Taggart.

Captain Taylor's position as a one time warm friend of Captain Taggart made his remarks of special interest. After stating some of the facts of his early knowledge of the plaintiff, Captain Taylor launched into an earnest and eloquent defense of Mrs. Taggart. He lashed the man whom had once before honored and spoke highly of Mrs. Taggart's character.

Attorney Sterling in closing said that the decree in this case would sound around the world and whatever it was it would be for or against the sacredness of the marriage relation. If it was in favor of Captain Taggart it would, he said, encourage and actually help all engaged in upholding and upbuilding the family, but if it was for Mrs. Taggart it would be construed as an encouragement to so-called liberality which was another name for depravity.

Judge Eason announced that he would render his decision in a week or ten days.

THE FARMERS' CONGRESS.

Petitioned to Recommend Federal Aid to Road Building.

By Wire to The Morning Star.

Richmond, Va., September 13.—The second day's session of the Farmers' National Congress opened with an address by Representative Livingston, of Georgia, who spoke on "The Tariff as It Affects Agriculture." After discussion of the paper, Representative Adams, of Wisconsin, spoke on the "Federal Government and the Farmers."

At the afternoon session of the congress, J. Bryan Grimes, Secretary of State of North Carolina, made an address on "The Agricultural Resources of the South," and Charles Arthur Carlisle, of South Bend, Ind., on "Government Expenditure in Relation to Agricultural Interests."

After a discussion of the latter address resolutions were adopted among other things requesting the President of the United States to recommend legislation in behalf of Federal aid to the building of roads. This evening W. B. Powell, the millionair agriculturist, of Pennsylvania, delivered a lecture on "Climate, Soil (or food) and Development," which was on humorous lines and was greatly enjoyed.

The attendance of delegates of the congress now numbers some five hundred.

ROOSEVELT IS INDIGNANT.

Correspondent of Paris Paper Faked An Interview With Him.

By Wire to The Morning Star.

Oyster Bay, L. I., September 13.—President Roosevelt has denounced as a fabrication and as wholly without foundation in truth the report of an interview with him regarding the terms of peace between Russia and Japan published to-day in the Petit Parisien of Paris and cabled to America and published here this morning.

As soon as the purported interview was called to his attention the President directed Secretary Loeb to send the correspondent of the Petit Parisien, who was received at Sagamore Hill a telegram saying that the interview was a fabrication and that the correspondent's conduct in obtaining permission to see him under false pretenses, the President considers "highly dishonorable." Gaston Richard, correspondent of the Petit Parisien sailed for Europe yesterday.

SOUTHERN LUMBER TRADE.

Conference Committees Met in New York Yesterday.

By Wire to the Morning Star.

New York, September 13.—A conference of committees representing the New York Lumber Trade Association, the Yellow Pine Exchange of New York, the Lumber Men's Exchange of Philadelphia, the Lumber Exchange of Baltimore, the Georgia Inter-State Saw-Mill Association and the South Carolina Lumber Association, held a session here to-day. H. H. Tift representing the Georgia Association presided. It was stated that various matters of interest to the southern lumber trade were informally discussed. Among those present were: George F. Craig, A. L. Cadwalder, of Philadelphia; Lewis E. Dill, E. P. Gill and Theodore Mottu, of Baltimore; J. Lee Ensign, of Georgia, and W. H. Hickson, of South Carolina.

Near Clarksburg, W. V., yesterday, David M. McKay and wife were instantly killed, and a team of horses and a wagon blown to atoms by the explosion of forty quarts of nitro glycerine. McKay, accompanied by his wife, was driving to the Salem oil field with the explosive to shoot a well. The cause of the accident will never be known. Only the axle of the wagon was found.

FEVER STRICKEN REGIONS REPORT

Steady Fight Against Pestilence Holding Down Record at New Orleans.

TOTAL 323 DEATHS TO DATE

Number New Cases Yesterday 43, Making 2,413 All Together—Pensacola Has Had 37 Cases and 7 Deaths.

By Wire to The Morning Star.

New Orleans, Sept. 13.—The following is the official report of the yellow fever record up to 6 P. M., today:

New cases today, 43; total cases to date, 2,413.

Deaths today, 4; total cases to date, 323.

New foci, 8.

Cases under treatment, 303.

Cases discharged, 1,787.

The averages of new cases continues a little higher than was expected but it is not causing any alarm, as there was ample warning that September could be looked for to inflate the list a little. As a matter of fact there is real cause for congratulation in the fact that the case is not much greater than it is. The deaths are still very low, indicating a death rate for the past month of much less than ten per cent.

Of the deaths today, one was really caused by cerebro spinal meningitis, but it followed an attack of yellow fever. Another was Sister Mary St. Celina, of the Mount Carmel convent, whose case was reported a few days ago. Two deaths occurred in the Emergency hospital.

Another evidence of the effect of the work being done by the Marine Hospital Service, is the statement by Dr. White that there is now not a single case of fever under treatment in either the sixteenth or seventeenth wards, which compromise the upper section of the city known as Carrollton. There have been quite a number of cases in those districts, but the infection seems to have been eliminated. There was a very serious nest of infection near the city park, which existed from the beginning of the discovery of the fever in the city and it seemed to defy all the efforts of the sanitarians to exterminate. Finally the original case was found and there has not been a single case in that neighborhood since September 1.

The plans for the sub-division of the ninth ward into two districts have been completed. Assistant Surgeon Guthrie being placed in charge of the lower division, which will also include part of St. Bernard.

Two new points of infections were reported today outside of the city. One is at Lecompte in Rapides parish, and the other is Berwick, across the bay from Morgan City, in St. Mary Parish.

Dr. Chassaignac reports from Tallulah that out of 42 blocks, 36 are infected but the people have manifested new hope and have gone to work with a will.

Other country cases were: Patterson, 16 cases, one death; Alexandria, one case; LaFayette, one case; St. Elizabeth plantation, two cases; Kenner, one case; Hanson City, 4 cases;; St. Rose, two cases (outside of town); Barrataria, one case; Clark Cheniere, 4 cases.

Record in Mississippi.

Jackson, Miss., Sept. 13.—The Mississippi yellow fever summary for the past 24 hours is as follows:

Vicksburg, no new cases; no deaths.

Natchez, 2 new cases; one new foci some distance from original area.

Gulfport, 1 new case, 1 death.

Pearlington, no new cases; no deaths.

Hamburg, 4 cases diagnosed by Drs. Waulder and Harrison.

No reports received from Mississippi City or Hansboro.

Condition at Pensacola.

Pensacola, Fla., Sept. 13.—The yellow fever situation shows considerable improvement there being no new cases or deaths reported at the board of health headquarters today. Four patients were discharged and while there are a number of doubtful cases still under surveillance the number has decreased. The following is a summary of cases since the outbreak: Total, 37; deaths, 7; cases under treatment, 12; cases discharged, 18.

A site for detention camp established by the United States Marine Hospital Service was today selected at Flomation and the camp is now being placed in condition.

Alabama Objects to Detention Camp.

Montgomery, Ala., Sept. 13.—Governor Jelks today telegraphed vigorous pritests to Surgeon Wyman and Governor Broward, of Florida, against the establishment of a detention camp for Pensacola refugees at a point near Flomation, about three miles from the Alabama lines. The people of south Alabama, as was expected a few days ago, are opposing this being so near the Alabama and their cries will be heard until the site is placed at a further distance from Alabama. State Health Officer Sanders held a long-distance telephone conversation with the governor today and the strong temper of the south Alabama counties toward the proximity of the government detention camp was made known.

TRAGEDY IN VIRGINIA.

Participant in Pistol Duel Died Yesterday of Wounds.

By Wire to The Morning Star.

Danville, Va., September 13.—A special from Hinesville says: Benjamin Green, who was wounded in a pistol duel with James Holly at Hinesville on Sunday, died of his injuries this afternoon. Holly, who has been granted a preliminary hearing and sent on to the October term of the county court, is in jail in Chatham. He had been released on bail earlier in the day, but surrendered as soon as he learned of Green's death. Holly states that he shot in self-defense, Green having attacked him because he had remonstrated with him for making improper proposals to his young step-daughter. Several shots were fired by both men, one penetrating Green's liver and lodging near the spinal cord, producing death.

President Roosevelt yesterday signed the commission of Robert H. Tally, of Norfolk, Va., as the United States district attorney for the Eastern District of Virginia. Mr. Talley was appointed to succeed District Attorney L. L. Lewis, whose resignation was accepted in order that he might become a candidate on the Republican ticket for Governor of Virginia.

WAR SHIP CATASTROPHE.

Accident to Japanese Battleship Killed 256 and Injured 343.

By Cable to The Morning Star.

Sasebo, September 13.—Admiral Togo's flagship, the Mikasa, was destroyed by fire and the explosion of her magazine at an early hour last Monday morning while lying at anchor in this harbor. Hundreds of lives, including members of her crew and men from other ships who went to the rescue, were lost. This little town, which has suddenly risen to prominence since the outbreak of the recent war, had spent a quiet Sunday. The presence in the harbor of several warships that had taken part in the annihilation of the formidable navy of a great power, presented an object of pride, but the quiet slumber of night was violently disturbed a little after midnight by a terrific explosion, accompanied by a severe shock.

An eager crowd assembled on the coast only to discover that a terrible disaster had overtaken the beloved Mikasa, the flagship of the great Togo, who led his men to victory in the life and death struggle in which the nation had just been engaged. Words are powerless to describe the profound disappointment and sorrow attending this great catastrophe. The absence of Admiral Togo from the ship at the time of the explosion and the hope that the vessel can be repaired, are the only redeeming features of the unprecedented calamity. A deep feeling of sympathy toward the unfortunate sufferers after a cessation of hostilities permeated every class.

Sympathy for Japan.

Washington, September 13.—Acting Secretary Darling to-day sent the following message of condolence to the Japanese minister of the navy:

"The American navy sympathizes with you and the Japanese navy in the loss of heroic lives caused by the distressing accident to the Mikasa."

Killed, 256; Injured, 343.

Washington, September 13.—The bureau of naval intelligence today received advices by cable from the American naval attache at Tokio to the effect that the loss in killed and missing on the battleship Mikasa was 256. The wounded number 343. The cause of the accident cannot be ascertained until the Mikasa is floated.

PROTOCOL FOR ARMISTICE.

Terms Given Out at London Yesterday—Fighting Ceased.

By Cable to The Morning Star.

London, September 13.—The Japanese legation this evening gave out the text of the Russo-Japanese armistice protocol as follows:

1.—A certain distance as a zone of demarcation shall be fixed between the fronts of the armies of the two powers in Manchuria as well as in the region of Tumen river, Korea.

2.—The naval force of one of the belligerent shall not bombard territory belonging to or occupied by the other.

3.—Maritime captures will not be suspended by the armistice.

4.—During the term of the armistice, new re-inforcements shall not be dispatched to the theatre of war. Those which are already on their way there shall not be dispatched north of Mukden on the part of Japan or south of Harbin on the part of Russia.

5.—The commanders of the armies and fleets of the two powers shall determine in common, accord the conditions of the armistice in conformity with the provisions above enumerated.

6.—The two governments shall order their commanders immediately after the signature of the treaty of peace to put the protocol into execution."

The protocol was signed by M. Witte, Baron Rosen, Baron Komura and Takahira.

Armies Arranging Armistice.

Mukden, Manchuria, September 13.—2 P. M.—General Fukushima, representing Field Marshal Oyama, and General Ovanovski, representing General Linevitch, met at Shaboth station, north of Chantufu at 10 o'clock this morning. They probably will take several days to arrange the details of the armistice.

DISORDERS IN JAPAN.

In Recent Rioting Nine Were Killed and 991 Injured.

By Cable to The Morning Star.

Tokio, September 13.—6 P. M.—According to the metropolitan police estimates of casualties during the recent rioting 388 constables, 16 firemen and 2 soldiers were wounded. Among the mob and by-standers, 9 were killed and 487 were wounded.

Yokohoma, September 13.—The meeting held at a theatre yesterday to protest against the terms of the peace treaty was followed by an anti-police demonstration. Fourteen police boxes were burned, 37 policemen injured and two civilians severely hurt. Many arrests were made.

The police say the meeting was the private speculation of a professional agitator who charged an admission fee. The promise that there would be popular speakers was unauthorized, according to the police and the disappointed audience denounced the swindle and demanded the return of their money. The trouble finally developed into rowdyism outside the theatre.

At 5 o'clock this morning two companies of troops from Tokio arrived. They have been posted as guards at all the consulates and other points, and quiet has been restored.

Yokohoma, Sept. 13.—6 P. M.—Troops of infantry are now guarding the foreign consulates, churches, convents and hotels, and cavalry is patrolling the strets. On hundred and nineteen arrests had been made up to noon. It is understood that the riot was incited by agitators from Tokio. Inflammatory placards were posted in the slums on Tuesday and were torn down by the police. The city is now quiet.

KING VIEWED RUINS.

Child Rescued After 98 Hours in the Debris.

By Cable to The Morning Star.

Montelcone, Italy, Sept. 13.—King Victor Emmanuel arrived here today and was greeted with cheers from the populace. His Majesty visited the ruins despite the danger of the falling walls. The remains of the cathedral are threatening to fall over momentarily. The King went into a subterranean fissure from whence a child, Mari Antonia Ceccoli, was taken out alive after being 98 hours under the debris. Her aunt, who was crying beside the ruins, thought she heard the voice of her niece and summoned some soldiers who after vigorous efforts brought up the child almost dead and carried her to the hospital where her condition is critical. The King afterwards viewed other stricken villages.

MUTUAL LIFE BEING PROBED

Syndicate Plan Defended by Treasurer Cromwell Before Investigating Committee.

HE PROFITED PERSONALLY.

Bonds Bought at One Price and Sold to Insurance Company at a Profit—How the Syndicates Operate.

By Wire to The Morning Star.

New York, September 13.—A vigorous defense of syndicates and their operations in connection with the insurance business and a frank statement of personal profits gained through their operations made by Frederic Cromwell, treasurer of the Mutual Life Insurance Company, was the feature of today's session of the special legislative committee appointed to probe methods of life insurance companies in this State. The defense of the syndicate was made by Mr. Cromwell soon after he was called to the stand in the morning. Before he was asked a question he begged leave to say a few words and upon being directed to proceed said:

"The law of combination which affects finance as everything else has made syndicates necessary. When I became treasurer of the Mutual Life Insurance Company the total assets of our company were $100,000,000. The transactions in my department are over $100,000,000 per year. When our receipts were less twenty years ago, it was quite possible for us to buy from bond dealers and pay the excessive profits, but now it is absolutely impossible to buy advantageously large blocks of securities except as they are floated by combinations of capital, popularly called syndicates, and we have to go into them to get out investments and get them in sufficient size and at ground floor prices. We could not make our investments without syndicates and we are partners in every syndicate which we go into. I want to say further that unless we went into these syndicates we would not be able to invest our funds, except by buying in small quantities and paying the excessive profits of middlemen."

"I ask you, Mr. Hughes and the committee, to consider that we have now over $450,000,000 of bonds and while we have over $100,000,000 invested in bond and mortgage, we are constantly under the necessity of finding additional investments for our large accumulations of funds. We could not make transactions of one hundred millions a year in the securities bought by this company without using syndicates."

The acknowledgment of personal profits was made in a tabulated statement which was presented to the committee after recess. It showed that Mr. Cromwell had made a personal profit of $26,371 from syndicate operations during the past five years, in which he individually and the Mutual Life Insurance Company had participated.

Mr. Hughes, chief counsel to the committee, immediately took up each item of these syndicate transactions in an effort to ascertain the manner in which these profits were obtained.

An interesting point was brought out when probing a transaction in Pennsylvania railroad 3 1-2 convertibles in which Mr. Cromwell made no personal profit, the witness stated "Of course we are greatly interested in the Pennsylvania railroad, I might say we are the heaviest stockholders."

Answering Mr. Hughes, Mr. Cromwell said the holding of the Mutual Life in the Pennsylvania railroad was $5,000,000 par. Among those transactions the connection of trust companies with the Mutual Life was brought out when it was stated that the 1,000,000 pounds sterling subscription to a Japanese loan was shared by the United States Mortgage and Trust Company and the Guarantee Trust Company. In explaining this relation Mr. Cromwell said:

"We leave the opportunities to the trust companies in which we held large interests for good reasons. As I explained this morning we, as an insurance company, need very large banking facilities for very large interests. It goes without saying it is better for us to use our own companies rather than give to institutions with which we have no connection, the handling of our large investments. For this reason we put men into the directorate of the subsidiary companies to look after the interests of the Mutual."

Mr. Cromwell told how the Mutual subscribed $5,000,000 to the Cuban syndicate. Speyer & Co had relied upon the support of the Mutual. The Mutual withdrew no bonds from this first syndicate. All the bonds were sold to a second syndicate for 91, and the sellers securing the company and Mr. Cromwell, personally got their profits.

In the second syndicate the buyers were the same members as the first. The whole block of bonds, $35,000,000 was sold at the advance of two points, said the witness.

"Then the syndicate marked up the bonds two points and sold them to itself under a new name, in order to boom the market."

"I think its fair for you to ask Speyer & Co. about that," replied Mr. Cromwell.

The issue price to the original syndicate, it was brought out, was 89, the syndicate price to participants was 92 9-16 and there was a further profit on sales to the public at 97.

Other witnesses were Edmund Randolph, treasurer of the New York Life, and Frederick H. Shipman, assistant treasurer of the New York Life, both of whom testified as to syndicate operations.

CENTRAL OF GEORGIA.

Contract Let For Extension From Greenville to Newnan.

By Wire to The Morning Star.

Savannah, Ga., Sept. 23.—The Central of Georgia Railway announced today that it has let the contract for building the extension from Greenville to Newnan, Ga., to Oliver & Company, of Knoxville, Tenn. Work on the extension will begin as soon as it is possible to get the equipment on the ground. This will not require more than a week and the limit for the completion of the contract is nine months. The extension will be about 26 miles long. The narrow guage road from Greenville to Columbia will be widened, but the work will not be done by contract.

WARM WIRELETS.

The official bulletin issued at Berlin yesterday announces that 15 new cases of cholera and 4 deaths occurred between noon Tuesday and noon Wednesday.

Advices received at the State Department are to the effect that the boycott situation in Shanghai is improving but that there is a growing ani-foreign sentiment in Canton—not particularly against American but against foreign countries generally.

There was no session of the Grand Council of Red Men at Nashville yesterday, the delegates spending the day at the Hermitage, historic home of President Andrew Jackson, near Nashville. The next place of meeting will be selected to-day.

At the ninth annual meeting of the National Association of Livestock Sanitary Boads, at Guthrie, O. T., yesterday, Dr. Tate Butler, of North Carolina, was chosen vice president of the association. Springfield, Ill., was chosen as next place of meeting.

The stockholders of the Nashville, Chattanooga and St. Louis railway had their annual meeting at Nashville yesterday and re-elected the old board of directors. The board will hold a meeting in October and declare a dividend. Reports show that the road is in a satisfactory condition.

William F. Powell, United States minister to Hayti, who is on leave of absence at his home in Camden, N. J., announced yesteday his intention of tendering his resignation to President Roosevelt at once. He gives as his reason for resigning the prevalence of revolutions, riots and fevers in Hayti.

Assistant General Superintendent M. M. Richie of the Southern Railway states at Birmingham, Ala., that the road will immediately install the block signal system on all six divisions of the Western district. The work of installing is already under way between Atlanta and Austell, Collewah Junction, Tennessee, to Citico and Atlanta to Macon.

The charter of the Gulf Coast and Santa Fe Northwestern railway with headquarters at Amerillo, Texas, was filed with the Secretary of State of Texas yesterday. This road will open up the greater portion of the unsettled pan-handle section of Texas to homeseekers. Capital stock $425,000. The road is to be part of the Gulf, Colorado and Santa Fe system.

At Pittsburg early yesterday 60 passengers were injured, nine seriously, by the overturning of a trailer attached to a traction car on the Homestead division of the Pittsburg Railway Company, near the Glenwood bridge. The accident was caused by the failure of the brakes to work properly. The car and trailer were crowded to their fullest capacity, many of the passengers being workmen on their way to the various plants in the vicinity.

Staten Johnson was arrested at Punta Gorda, Fla., yesterday on suspicion of having been implicated in the murder of Theodore Scott, aged 22, engineer of the mail boat Marina, running between Punta Gorda and Fort Myer. When the boat arrived yesterday afternoon its only occupants were Johnson and another man, who reported that Scott fell overboard and was drowned near Cape Hayes lighthouse. The story was accepted until the search of the boat revealed bloody clothing, believed to have been worn by Scott, and the arrest of both men followed. The body of Scott has not been recovered.

BARON KOMURA'S CONDITION

Case May Developed Into Typhoid Fever, Doctors Say.

By Wire to The Morning Star.

New York, Sept. 13.—Baron Komura, the Japan peace envoy, who was reported today to be suffering from typhoid fever, although the consulting physicians are not a unit on this point, was said to be in a satisfactory condition. Baron Komura is at the Waldorf-Astoria Hotel and his return to Japan has been indefinitely postponed although most of the members of his suite will set sail for home tomorrow, the date originally planned for the departure of the mission.

Tonight Mr. Sato spokesman of the Japanese party issued the following statement: "Doctors Delafield, Brewer and Pritchard saw Baron Komura in consultation again at 6 P. M. They announce the Baron's condition to be favorable, no new symptoms having developed and the patient having passed a very comfortable day. They are unanimous in the opinion that the Baron's condition indicates nothing alarming or serious at present."

Continuing Mr. Sato said that the physicians were not sure that the Baron had typhoid fever and that he might be suffering from complications from gall stones.

WILL NOT BE HANGED TO-DAY.

Governor Glenn Respites Peter Smith by Wire from Concord.

By Wire to The Morning Star.

Concord, N. H., September 13.—Governor Glenn, of North Carolina, who was here to-night, said he had decided to grant a respite of ten days to Peter Smith, under sentence of death at Marshall, N. C., pending further developments in the case.

Charlotte, N. C., September 13.—A special from Asheville to the Observer says that Governor Glenn, who is attending the Stat fair at Concord, N. H., to-day wired the sheriff of Madison county a ten days respite for Peter Smith, a white man, sixty-four years old, who was under sentence to be hanged at Marshall to-morrow for committing a criminal assault on a 16-year-oir girl. Smith still denies his guilt.

TOBACCO GROWERS TO MEET.

Uniform System to Control Marketing of the Crop.

By Wire to The Morning Star

Indianapolis, September 13.—The National Tobacco Growers' Association representing Kentucky, Virginia, Tennessee, North Carolina and Wisconsin, will meet in annual convention at Owensboro, Ky., October 18th, and continue three days. The principal matters to come before the convention are the price for the 1905 crop, and discussion of a uniform system of controlling and marketing the crop. Among the speakers will be J. A. Everett, of Indianapolis; John W. Gaines, Congressman of Tennessee: Colonel John S. Cunningham, of North Carolina; S. C. Adams, of Virginia, president Inter-State Tobacco Growers' Association; Hon. Charles Fort, president Dark Tobacco Protective Association of Tennessee.

AT THE ACADEMY.

"Reuben in New York" Monday Night —Field's Minstrels.

"Reuben in New York" will be seen at the Academy Monday night. This is said to be one of the most amusing and laugh-producing absurdities booked in the local playhouse this season. The play is full of funny situations, while still retaining a plot, and the incidents of Reuben's visit are ably brought out by a capable company. Elegant, scenic and electric effects are used. Specialties will be introduced during the action of the piece by vaudeville stars. The sale of seats will commence at Plummer's Saturday morning. Regular prices.

Field's Greater Minstrels. — A screamingly funny burlesque on the Gridiron Club, that well known Washington organization, will constitute the first part of the entertainment by the Al. G. Field Greater Minstrels this season. That club's annual dinners, attended by all the prominent statesmen and diplomats, is an event of considerable importance and weighty affairs of State and National significance are discussed. All men in the public eye will be readily recognized and will be on hand with their pet hobbies personified by the several talented orators who have been engaged to impersonate the notables who will attend the Gridiron Club's banquet. Field's Minstrels come to the Academy next Tuesday night.
